SUMMARY

Enthusiastic and motivated software developer with a solid foundation in [HTML, CSS and JavaScript], acquired through [Coursera]. Eager to apply theoretical knowledge in a practical setting and contribute positively to dynamic development teams. Possesses strong problem-solving abilities and a willingness to learn and adapt to new technologies. Excellent communication and teamwork skills honed through collaborative projects and extracurricular activities. Seeking an opportunity to kick-start a rewarding career in software development and make meaningful contributions to innovative projects.

TECHNICAL SKILLS

Languages: JavaScript, SQL, Python, HTML, CSS, Java, nodejs, reactjs

SoftKill: Leadership, Teamwork, Problem-Solving

Developer Tools: GitHub, VScode

PROJECTS

TO-DO App | *HTML, CSS, Javascript*

- Developed a user-friendly "To-Do" application using [HTML, CSS, Javascript], designed to help users organize tasks efficiently.
- Implemented core features such as task creation, editing, deletion, and priority setting, enhancing user productivity and organization.
- Manage user tasks securely, ensuring data integrity and reliability.

Ecommerce Website | *HTML, CSS, Javascript*

- Developed a responsive e-commerce website from scratch using HTML, CSS, and JavaScript, aimed at providing users with a seamless online shopping experience.
- Implemented a user-friendly interface with modern design principles and responsive layouts, ensuring compatibility across various devices and browsers.
- Integrated dynamic product listings with JavaScript, allowing users to browse, search, and filter products based on categories, prices, and other criteria.
- Implemented a secure checkout process with JavaScript form validation and integration with payment gateways, ensuring safe and efficient transactions for users.
